Description

The old sunburnt weathered boards or exterior formwork type 3B with its unmistakable patina are reclaimed from old stables, houses, farmhouses and barns. Depending on the orientation of the façade (sun or weather side), different colour shades are created from mix light brown-brown-dark brown-black to mix light grey-grey-dark grey-black.

Length

falling from 200 to 400 cm according to variant. The fixed length can vary up to +30 cm and -50 cm. The length is shown correctly on the order confirmation after commissioning.

Fixed width

depending on availability from 100 to 240 mm. Invoicing is done according to the spring measurement. The cover width is approx. 10 mm narrower. Please take this into account when calculating quantities.

Surface

lightly brushed

Drying

technically dried to approx. $12\% \pm 2\%$.

Longitudinal edges

with tongue-and-groove joint, butt-end or raw not cut at an angle (see photos)

Back side

leveled

Note

You must always treat old wood against wood pests with wood preservative such as Arbezol Spezial or Borsalz before laying or further processing. We exclude any liability due to an infestation of wood pests.
