

## 3-layer panel MARMOLADA steamed Spruce | brushed

Item No. 06-003305

## Description

With our new product range, the antique 3-layer panels, there are no limits to the design possibilities with wood. Whether for ceiling cladding, store fitting or furniture design, the glued solid wood panels with the designs of our selected Antique Shuttering leave nothing to be desired.

The dynamic one. The Marmolada towers majestically in the Dolomites of Italy. In keeping with this spirit, the eponymous 3-ply panels inspire with their natural and irregular brown hues. This unique play of colors along the grain gives the wall cladding of spruce its very special touch. Another side effect, created by steaming the wood panels, is the beautiful old wood character with a lot of dynamics.
