

Wall panels ZUGSPITZE Knotty Spruce steamed chopped | 100% PEFC

Item No. 08-000079

Description

Ancient pride. Germany's highest peak rises proudly and steadily in the Wetterstein Mountains. We produce wooden façades in the same shades, named after this mountain massif. Unique, like the mountain itself, is our cream-coloured wooden façade with an antique character. Our wall cladding made of Nordic spruce invites you to feel good, just as a hiker would wish after a strenuous climb up the Zugspitze.
