

Reclaimed Barn Boards Spruce/Fir/Pine Typ 3B brown untreated, cleaned, unedged

Item No. 02-000956

Description

The old sunburnt weathered boards or exterior formwork type 3B with its unmistakable patina are reclaimed from old stables, houses, farmhouses and barns. Depending on the orientation of the façade (sun or weather side), different colour shades from light brown-brown-dark brown-black to light grey-grey-dark grey-black are created.

Length

falling from 150 to 400 cm, depending on availability, no fixed lengths possible

Width

falling from 8 to 26 cm, main widths from 12 to 18 cm, no fixed widths possible

Surface

lightly brushed or rough cleaned

Drying

Technically dried to approx. 12% ± 2%.

Longitudinal edges

untrimmed with original edge, end face blunt or raw not trimmed at an angle (see photos)

Note

You must always treat old wood against wood pests with wood preservative such as Arbezol Spezial or Borsalz before laying or further processing. We exclude any liability due to an infestation of wood pests.

Specifications

Category	Reclaimed Wood Wall and Ceiling
Product group	Sunburnt planks
Weight kg/m2	480.000
