Description

Fiery play of colours. Our natural larch wall panels are explosive and powerful. Just as the volcano of the same name is always good for surprises, the play of colours of our wall cladding in red and black is just as lively. The appearance of our wooden panels is reminiscent of an old and sunburnt alpine hut, which is indestructible and survives both hot summers and bone-chillingly cold winter months.

Specifications

Category	Reclaimed Wood Wall and Ceiling
Product group	Antique facades
Widths	138 mm

Thicknesses	19 mm
Weight kg/m2	11.800
Specie	Knotty Larch
