

## Wall panels WILDER KAISER Knotty Spruce steamed chopped

Item No. 08-000283

## Description

Impressive façades for chalets. As rugged as the Wilder Kaiser rises in the Tyrolean Alps, so impressive are our wall panels made of steamed spruce. Back to the origin is the philosophy here. It could hardly be more original, because our wall cladding embodies solid log formwork and retains its original growth form. It is particularly suitable for chalets. On the alpine pasture, on the mountain, in the rugged mountains.
